

Market Report 2024 Week 30

SPP EU Spec – 209.88p/kg + 0.38p this week.

APP EU Spec – 2.1288p/kg + 0.28p this week.

There is stability in the SPP, and it has only fallen by 1.65p/kg in the first 6 months of the year, a small amount that indicates market stability according to AHDB.

Pig numbers are still running tight, but some slaughter data indicates small year on year gains. All pigs have found homes this week. Prices are stand on.

Sow price remains unchanged, EU sow market is still finding a level after the last few weeks.

Fresh meat trade is steady, but the warm weather should help prices and demand. Winter cereal harvest has started in earnest now, straw will be wanted.
